# INDEX

*Denotes illustrated article
†Denotes an abstract
§Denotes an editorial note

A

Accidents in Swiss High-Voltage Plants ... ... ... †38
Adam Beck, No. 2, *see* Niagara *under* Canada
Africa—
First 66 kV Cable in Africa ... §2
Hydro-Power in Central Africa §245
Kariba or Kafue ? ... §284
Owen Falls ... ... *207, *247
Owen Falls, Generators, Amplidyne Exciters for ... *118
Owen Falls, Lighting at ... *401
Owen Falls, Official Opening §162
Owen Falls Progress ... ... §122
Owen Falls to be Completed §406
Rhodesian Prospects ... §205
Shire Valley Project, Nyasaland ... ... ... §3
Uganda Power Export ... §83
Volta River Model ... ... §447
Volta River Survey ... ... §363
Wanjii Power Station ... †282
Ala Development, Italy ... †318
Alberta, *see* Canada
Alternators, *see* Generators *under* Electrical Plant and Equipment
Alternative-Power Economics ... 361
Aluminium Cable Sheathing, B.I.C.C. ... ... ... *355
Aluminium Production ... 189
America, United States of, *see* United States of America
Artias Generators, Spain ... *198
Asian Water Resources Conference ... ... §244, 428
Australia—
Burdekin Falls Scheme ... §42
Eildon and Hume Progress ... §284
Snowy Mountains Estimates ... §162
Snowy Mountains Generators §323
Snowy Mountains, Japanese Tender for ... ... §42
Snowy Mountains, Latest Contracts for ... ... §204
Structures, Conference on ... †160
Tungatinah Power Plant, Tasmania ... ... ... *471
Victoria, Electrical Progress in §123
Austria—
Drave River Convention ... §285
Electrical Energy in Austria †158
Finance Problems, Austria's Electricity ... ... §362
Glockner - Kaprun Scheme—Palmer ... ... *298, *331
Jochenstein—Königshofer ... *275
Reisseck-Kreuzeck Development—Königshofer ... *55
Vorarlberg Hydro - Electric Plants ... ... ... †120
Lienz-Pelos Transmission Line †202
Automatic Stations, *see* Control of Hydro-Electric Stations ... †484

B

Beck, Sir Adam, No. 2, *see* Niagara *under* Canada
Bhakra-Nangal Project ... *164, *232
Bolt Tension and Joint Reaction in Hydraulic Pipe Flanges—Englesson ... ... ... *84
Bolted Support for Tunnels—Rabcewicz ... ... *150, *171
Bort Development ... ... †38
Boring and Turning Mill, 42 ft. Vertical, Craven ... ... *75
Brazil—
Brazilian Traction Report ... §322
Cajurú Storage Dam ... ... *118
Itutinga Project ... ... *28
World Power Conference, Brazil Meeting ... 379, 423
Breadalbane, St. Fillans Contract §163
Bridge River Plant, Additions to §362
British Columbia, *see* Canada
British Hydromechanics Research Association ... ... §204
British Thomson-Houston Test Station for Heavy Plant ... *397
Bueno Contract, Jamaica ... §245
Bulldozers, *see* Construction Plant and Equipment
Burdekin Falls Scheme ... §42
Burma, Preliminary Survey in—Logan ... ... ... *142
Burma, Trade Delegation to ... §123

C

Cables, Electrical, *see* Electrical Plant and Equipment
Cabril Power Station, Portugal §244
Cajurú Storage Dam ... ... *118
Calancasca Development ... *44
Calgary Power Ltd., Spray River Plant ... ... *324, *371
Canada—
Alberta, Hydro-Electric Power in ... ... ... *324, *371
B.C. Engineering Co. Ltd. ... 422
Bridge River Plant, Addition to ... ... ... ... §362
British Columbia Electric 1954 Programme ... ... §82
British Columbia's Potential §245
Columbia River Scheme ... §205
Grand Falls-Toronto-Ontario, Proposed Long - distance Transmission ... ... 464
Kitimat ... *89, *124, *190
Kitimat Film ... ... 11
Kitimat, Further Expansion at §446
Kitimat in Production ... §406
Kitimat-Kemano Development §163
Kitimat Tunnel Holed ... 11
Labrador - Ungava Power Source ... ... ... §83
Labrador, Water Power in ... 24
Lillooet Contracts ... §3, §43
Niagara, Sir Adam Beck, No. 2 §362
Niagara, Sir Adam Beck, No. 2, Dominion Gates for ... *317
Ontario Hydro Power ... §3
Power Link Between U.S.A. and Canada ... ... 180
Progress in 1953 ... ... §83
Quebec Developments ... §3
Quebec Power Company ... 225
St. Lawrence River Scheme §43, §82, §204, §322, §363
St. Lawrence Waterway—Grandy ... ... ... 25
Shawinigan Contracts ... §447
Shawinigan Produces Titanium §244
Shawinigan Results ... ... §407
Shawinigan Water & Power Company ... ... 170
Spillimacheen River Development, British Columbia ... §285
Vancouver Island Power Extension ... ... ... §163
Waneta, Turbine Runner for, Dominion ... ... ... *401
Water Power Resources of Canada ... ... ... 176
Yukon and British Columbia †403
Yukon Power Scheme §83, §407
Caroni Scheme, Venezuela ... *479
Castet Dam ... ... ... †404
Castet Power Units ... ... †403
Cavitation Laboratory for Turbines ... ... ... †80
Ceylon—
Gal Oya Development ... †119
Gal Oya Development—Alexander ... ... *347, *391
Loan to Ceylon ... ... §83
Tariff Problems in Ceylon ... §363
Channels—
Calculations, Open - Channel, New Graphs Aid—Silvester *339
Erosion - Preventing Rock "Sausages" ... ... †482
Flume, Research, Improved ... †240
Surge Studies ... ... †320
Surges and Waves in Open Channels—Haws ... ... *419
Surges in Channels ... ... †443
Chastang Plant, France ... †78
Châtelot Franco-Swiss Scheme †40
Chatou Hydraulics Laboratory †200
China—
Huai River Project ... ... †159
Taiwan (Formosa) Development ... ... ... †443
Christchurch, New Zealand, Power in ... ... ... §123
Cimego, Impulse 150,000 h.p., Turbines at ... ... ... §3
Civil Engineers, Institution of, Models and Apparatus at ... §284
Colorado-Big Thomson Penstocks—Bier *383, *429, *465
Columbia River Scheme ... §205
Colunga 220/150/60 kV Substation ... ... ... †482
Compressors and Compressed-Air Equipment, *see* Construction Plant and Equipment
Concrete—
Crushing Plant, Portable ... †241
Elutriation Systems for the Treatment of Sand for Concrete—Eder ... ... *217
Fly-Ash Concrete Dam ... †39
High-Strength Concrete ... †157
Mass Concrete Construction, New Experience in—Fritsch *259, *304, 346
Piling, Concrete Sheet, I.C.O.S.-Veder ... ... †281
Research, Concrete ... ... †160
Conferences—
CIGRE Conference ... ... 294
Dams, Large, International Congress on ... 141, §323 425
Iowa Fifth Hydraulics Conference ... ... *67, *100
Minnesota International Hydraulics Convention ... *33
Soil Mechanics and Foundation Engineering, Third International Conference on 53
Structures, Australian Conference on ... ... †160

Wave Research, Congress on 180
World Power Conference Arrangements ... ... §122
World Power Conference, Brazil Meeting ... 379, 423
Conon Valley ... ... ... *113
Conon Valley Railway Diversion §205
Construction Plant and Equipment—
Air-Hose Coupler, Self-Sealing, Victor ... ... *481
Compressor, Free - Piston, Mackay ... ... *400
Compressors, Portable, Rolls-Royce Powered C.P. ... *156
Drill, Atlas Diesel 754 ... *36
Drill, High-Speed, Speed-Finn *197
Drill, Holman Silver Three ... *238
Drill Steels, Flexible, Sandvik *356
Grande Dixence Construction Plant ... ... ... *58
High Altitudes, Construction Plants for ... ... †78
Impact Wrench, Holman ... *279
Impact Wrench, Ingersoll-Rand ... ... ... *278
Loader-Dozer Equipment, International Harvester ... *198
Rammer, Pegson ... ... *37
Scrapers, Open-Bowl, Onions *196
Winch for Clearing Sites, International Harvester ... *278
Control of Hydro - Electric Systems—
Calancasca Control System ... *51
Frequency Stability, Improving *282
Spray River Plant, Automatic and Supervisory Control ... *371
Tenkiller Ferry Automatic Plant ... ... ... †484
Couesque Hydro-Electric Plant †442
Couplings, Pipe, *see* Penstocks, Pipes and Pressure Shafts
Crane Loads, Power-House Protective Equipment for ... *441
Crushing Plant, *see* Concrete

D

Dams—
Bhakra Dam ... ... *165
Cajurú Storage Dam ... *118
Castet Dam ... ... †404
Congress, International, on Large Dams ... 141, §323, 425
Construction Plants for High Altitudes ... ... ... †78
Damodar Project, Maithon, Panchet Hill Dams and Durgapur Barrage ... ... *61
Damodar Project, Tilaiya and Konar Dams ... ... *4
Fill-Type Dams—Mundal ... *107
Fly-Ash Concrete Dam ... †39
Gal Oya Dams—Alexander ... *348
Grande Dixence Construction Plant ... ... ... *58
Kitimat, Kenney Dam ... *93
Luichart Dam, Conon Valley *113
Nangal Dam ... ... ... *233
Owen Falls Dam ... ... *207
Palisades Earthfill Dam ... †282
Prestressed Dam ... ... §163
Salamonde Dam—Fernandez *408
Spillways with Fan-Shaped Outlets ... ... ... †240
Spray River Dams ... ... *326
Sutherland Dam Nears Completion ... ... ... †119
Wilbur Dam Rehabilitated ... *364
Damodar Valley Project ... *4, *61
Danube Valley Water-Power Plans—Stewart ... ... *71
Deepening a River Bed—Kavanagh ... ... ... *460
Diesel Generating Sets, Brabo ... *278
Drave River Convention ... §285
Dupuit's Formulae ... ... †318

E

Edison Group Plants ... ... †119
Eildon Additions, Australia ... §284
Electrical Plant and Equipment—
Accidents in Swiss High-Voltage Plants ... ... †38
Cable, First 66 kV in Africa §2
Cable Sheathing, Extruded Aluminium, BICC ... *355
Cable, Underwater Power, World's Longest ... ... 106
Cables, Power, Submarine, BICC ... ... ... *156
Castet Power Units ... ... †403
CIGRE Conference ... ... 294
Colunga 220/150/60 kV Substation ... ... ... †482
Conduit, Plastic, G.E.C. ... 197
Crane Leads, Power-House, Protective Equipment for ... *441
Electrical Problems ... ... 203
Excitation System for Alternators, Brush ... ... *155
Exciters, Amplidyne, for Owen Falls Generators ... *118
Frequency Stability, Improving ... ... ... †282
Gal Oya Electrical Equipment *392
Generating Set, Montpezat ... *117
Generating Sets, Brabo Diesel *278
Generator Contract, McNary §42
Generator, Errochty ... ... *239
Generators, Artias, Spain ... *198
Generators, Calancasca, Sassello Station ... ... *49
Generators for Roxburgh and Finlarig on Test ... ... *397
Generators, Snowy Mountains §323
Italian Electrical Industry ... †200
Messina Crossing ... ... §83
Owen Falls Electrical Equipment ... ... ... *250
Owen Falls, Lighting at ... *401
Power Link Between U.S.A. and Canada ... ... 180
Salamonde Electrical Equipment ... ... ... *456
Shaft Coupling, Electrical, for Stoplog Hoist—Jalla and Lutz ... ... ... ... *457
Test Station for Heavy Plant, BTH ... ... ... *397
Test Station, Reyrolle High-Power Short-Circuit ... *195
Transformer Tapping Switch, On-Load, G.E.C. 33 kV ... *238
Transformers for Garrison Dam, Ferranti ... ... *357
Transmission, Harsprånget, 380 kV ... ... ... †158
Transmission Line Construction Problem ... ... †358
Transmission Line, First 132 kV in East Africa ... *199
Transmission Line, Kitimat ... *133
Transmission Line, Lienz-Pelos ... ... ... †202
Transmission Lines, Locating Faults on ... ... ... †402
Transmission Lines, Overhead, Calculating ... ... †202
Transmission Lines, Swiss 380 kV ... ... ... †79
Transmission, Proposed, Grand Falls - Toronto - Ontario ... ... ... 464
Transmission System, Damodar Valley Project ... *63
Tungatinah Generators ... *471
Electricity Supply—
Brazilian Traction Report ... §322
Christchurch, New Zealand, Power in ... ... ... §123
Europe, Financing Electricity Supply in ... ... ... §447
Rural Electrification ... §82
Sweden, Record Power Output in ... ... ... §82
Sweden's Electrical Output, Increase in ... ... §363
Uganda Power Export ... §83
U.S. Power Increases ... §123
Victoria, Australia, Electrical Progress in ... ... §123
*see also* Resources and Development
Erne River Deepening—Kavanagh ... ... ... *460
Erosion - Preventing Rock "Sausages" ... ... ... †482
Errochty Alternator ... ... *239
Europe—
Financing Electricity Supply in Europe ... ... ... §447
Heavy Power Equipment, European ... ... ... §407
Orders for Heavy Equipment §163
Power Committee, ECE ... §285
Rural Electrification ... §82
Sharing European Power ... §161
Excavation Programme, Heavy †483
Excitation Systems, *see* Electrical Plant and Equipment

F

Ffestiniog and Rheidol Schemes §406
Finlarig Alternator on Test ... *397
Fish—
Deflecting Young Salmon Downstream—Hardy ... 418
Electrical Diversion of Fish ... 1
Fish versus Water Power ... †242
Hydro-Electricity and Fish ... 230
Flatiron Penstocks—Bier *383, *429, *465
Flatiron, Pump-Turbine at ... †318
Flow, *see* Hydraulics *and* Hydrology
Flumes, *see* Channels
Foundation Engineering and Soil Mechanics, Third International Conference on ... ... 53
France—
Bort Development ... ... †38
Castet Dam ... ... ... †404
Castet Power Units ... ... †403
Chastang Plant, Dordogne ... †78
Châtelot Franco-Swiss Scheme †40
Colonial Developments, French ... ... ... †240
Couesque Hydro-Electric Plant †442
French Hydro-Electricity ... §2
Grande Dixence Construction Plant ... ... ... *58
Malgovert Penstocks—Ferrand *263
Maronne Development ... †359
Montpezat Generating Set ... *117
Francis Turbines, *see* Turbines
Frequency Control, *see* Control of Hydro-Electric Plants

G

Gal Oya Development ... †119
Gal Oya Development—Alexander ... ... ... *347, *391
Ganguwal Power Station ... †484
Garrison Dam Penstocks, Coupling for, Baker ... ... *439
Garrison Dam, Transformers for, Ferranti ... ... ... *357
Gates and Valves—
Gates for Sir Adam Beck, No. 2, Dominion ... ... *317
Rotovalves, Harland-Morgan Smith ... ... ... *316

Rotovalves, Morgan Smith, 84 in., for Afghanistan ... *74
Salamonde Gates—Fernandes *417
Generators, *see* Electrical Plant and Equipment
Glascarnoch Tunnel Broken Through ... ... ... §447
Glockner - Kaprun Scheme — Palmer ... ... *298, *331
Gondo Power Station ... ... †77
Grande Dixence Dam Construction Plant ... ... ... *58

H

Harris, Isle of, Scheme ... §363
Harspränget 380 kV Transmission ... ... ... ... †158
Hume Progress, Australia ... §284
Harza, L. F. ... ... ... §43
Houille d'Or—Whetstone ... *272
Huai River Project ... ... †159
Hungary—
Danube Valley Water-Power Plans—Stewart ... ... *71
Tiszalok Irrigation Project ... §3
Hydraulics—
Dupuit's Formulae ... ... †318
Flow in Open Channels ... †158
Flow Research, Theoretical ... †159
Flume, Research, Improved ... †240
Hydraulic Jump as Energy Dissipator ... ... ... †444
Iowa Fifth Hydraulics Conference ... ... *67, *100
Minnesota International Hydraulics Convention ... *33
Water - Hammer Problems, Model Technique for the Solution of—Kingdon ... *226
Hydro-Electric Development and Local Interests ... ... †77
Hydro-Electric Plants, Size of ... †200
Hydro-Electric Resources, *see* Resources and Development
Hydrology—
Flood Computation ... ... 158
Rain Stimulation ... ... 283
Rainfall, Induced ... ... †360
Rainfall Stimulation for Hydro-Electric Power — Howell ... ... *16, *286
*see also* Resources and Development

I

Ice Prevention at Hydraulic Structures—Bier ... *136, *185
Impact Wrenches, *see* Construction Plant and Equipment
Impulse Turbines, *see* Turbines
India—
Bhakra Nangal Project *164, *232
Damodar Valley Project *4, *61
Ganguwal Power Station ... †484
Sengulam Hydro-Electric Project—Rajan ... ... *435
Industrial Revolution, Water Power and the—Wilson ... *309
Institution of Civil Engineers, Models and Apparatus at ... §284
International Power Exchanges, *see* Resources and Development
Invergarry Tunnel Holed Through ... ... ... §42
Iowa Fifth Hydraulics Conference ... ... ... *67, *100
Ireland—
Erne River Deepening—Kavanagh ... ... *460
Irish Electricity Supply Board 370
Iron Curtain, Behind the ... *23
Italy—
Ala Development ... ... †318
Cimego, Impulse 150,000 h.p. Turbines at ... ... §3
Colunga 220/150/60 kV Substation ... ... ... †482
Electrical Industry, Italian ... †200
Lienz-Pelos Transmission Line †202
Liro Development ... ... †482
Itutinga Project ... ... *28

J

Jamaica, Bueno Contract ... §245
Japanese Tender for Snowy Mountains ... ... ... §42
Japanese TVA ... ... †280
Jochenstein—Königshofer ... *275

K

Kaplan Turbines, *see* Turbines
Kariba or Kafue ? ... ... §284
Kitimat, *see* Canada

L

Laboratories, *see* Research
Labrador, *see* Canada
Lienz-Pelos Transmission Line †202
Lillooet Contracts ... §3, §43
Lebanon, Hydro-Electric Works in ... ... ... ... §407
Liro Development, Italy ... †482
Loaders, *see* Construction Plant and Equipment
Loiza River Water-Supply Power Plant ... ... ... 464

Mc

McNary Generator Contract ... §42

M

Malgovert Penstocks—Ferrand *263
Maronne Development, France †359
Messina Crossing ... ... §83
Mexican Projects ... ... †200
Models—
Institution of Civil Engineers, Models and Apparatus at ... §284
St. Lawrence River Model ... §322
Water - Hammer Problems, Model Technique for the Solution of—Kingdon ... *226
Montpezat Generating Set ... *117
Moriston Dam Scheme ... 285
Moriston Scheme Amendment 66
Mullardoch, Turbine Gear for *117

N

New Zealand—
Christchurch, Power in ... §123
Financial Report, New Zealand §3
Progess in New Zealand ... *103
Rimutaka Tunnel Drive ... 220
Roxburgh Alternator on Test *397
Niagara, *see* Canada
Norwegian Power ... ... §205
Nyasaland, Shire Valley Project §3

O

Ontario, *see* Canada
Owen Falls, *see* Africa

P

Palisades Earthfill Dam ... †282
Pelos-Lienz Transmission Line †202
Pelton Wheels, *see* Turbines
Penstocks, Pipes and Pressure Shafts—
Bolt Tension and Joint Reaction in Hydraulic Pipe Flanges—Englesson ... *84
Coupling for Garrison Dam Penstocks, Baker ... ... *439
Design of Pressure Shafts ... §446
Kitimat Pressure - Conduit System ... ... ... *131
Malgovert Penstocks—Ferrand *263
Rockies, High-Head Penstocks in the—Bier ... *383, *429, *465
Salamonde Pressure Shaft — Fernandes ... ... ... *449
Spray River Pressure Tunnel *329
Welding, Electric, of Penstocks ... ... ... †320
*see also* Tunnels
Piling, *see* Construction Plant and Equipment
Pole Hill Penstocks—Bier *383, *429, *465
Portugal—
Cabril Power Station ... §244
Hydro - Electric Expansion, Portuguese ... ... §43
Portuguese Progress ... §447
Salamonde Hydro - Electric Scheme—Fernandes *408, *449
Power Resources and Development, *see* Resources and Development
Power Supply, *see* Electricity Supply
Pressure Shafts, *see* Penstocks, Pipes and Pressure Shafts
Propeller Turbines, *see* Turbines
Pumps and Pumped Storage—
Deepwell Pump, Gilkes ... *37
Lake Erie Pumped-Storage Project ... ... ... †240
Pump-Turbine at Flatiron ... †318
Swedish Pumped-Storage Plant §2
Switzerland, Pumped Storage in ... ... ... ... †157

Q

Quebec, *see* Canada

R

Rain, *see* Hydrology
Rammer, Pegson ... ... *37
Rance Tidal Scheme Approved §42
Raquette River Development ... †38
Rehabilitating an Old Plant ... *364
Reisseck - Kreuzeck Development—Königshofer ... ... *55
Remote Control, *see* Control of Hydro-Electric Systems
Research—
British Hydromechanics Research Association ... ... §204
British Thomson-Houston Test Station for Heavy Plant ... *397
Chatou Hydraulics Laboratory †200
Concrete Research ... ... †160
Flow Research, Theoretical ... †159
Flume, Research, Improved †240
Iowa Fifth Hydraulics Conference ... ... *67, *100
Minnesota International Hydraulics Convention ... *33
Reyrolle High-Power Short-Circuit Research Station ... *195
St. Anthony Falls Laboratory 396
Surge-Tank Research ... †281
Water Hammer, Research on §244
Wave Research, Congress on 180
Resources and Development—
Africa, Central, Hydro Power in ... ... ... §245
Alternative-Power Economics 361
Asian Water Resources Conference ... ... §244, 428
Austria, Electrical Energy in †158
British Columbia's Potential §245
Canada, Water-Power Resources of ... ... 176
Canadian Progress in 1953 ... §83
Drave River Convention Between Austria and Yugoslavia ... ... ... §285
Hydro and Thermal Power Papers at World Power Conference ... 379, 423

International Exchanges Advocated by ECE Power Committee ... ... ... §285
International Power Co-ordination ... ... §323
Irish Electricity Supply Board 370
Labrador - Ungava Power Scheme ... ... ... §83
New Zealand, Progress in ... *103
Norwegian Power ... ... §205
Power Link Between U.S.A. and Canada ... ... 180
Scottish Progress ... ... §285
Sharing European Power ... 161

Soviet Union, *see* Russia
Spain, Artias Generators ... *158
Spillimacheen River Development, British Columbia ... §285
Spillways, *see* Dams
Spray River Plant, Alberta *324, *371
Storage System, Kitimat ... *91
Stornorrfors Plant, Sweden §43, §323
Structures, Australian Conference on ... ... ... †160
Supervisory Control, *see* Control of Hydro-Electric Stations
Surge Chambers—
Surge-Tank Design, Present Trends in—Jaeger ... *12
Surge-Tank Research ... †281
Salamonde Surge Chamber—Fernandes ... ... *451
Surges, *see* Channels, *and* Surge Chambers
Survey, Preliminary, in Burma—Logan ... ... ... *142
Sutherland Dam Nears Completion ... ... ... †119
Sweden—
Electrical Output, Increase in §363
Harsprånget 380 kV Transmission ... ... ... †158
Pumped - Storage Plant, Swedish ... ... ... §2
Record Power Output in Sweden ... ... ... §82
Stornorrfors Plant ... §43, §323
Switzerland—
Accidents in Swiss High-Voltage Plants ... ... †38
Calancasca Development ... *44
Châtelot Franco-Swiss Scheme †40
Electricité de la Lienne S.A. ... §2
Gondo Development ... †77
Pumped Storage in Switzerland †157
Salanfe - Miéville Turbines—Pingoud ... ... ... *221
Water-Power Resources, Swiss †242
Wildegg-Brug Power Station †80
Syphons, Recent Research on ... 40

## T

Table Rock Dam Tenders ... §406
Table Rock Dam, Turbines for §446
Taiwan (Formosa) Development †443
Tanks, Surge, *see* Surge Chambers
Tasmania, *see* Australia
Tenkiller Ferry Automatic Hydro Plant ... ... †484
Tennessee Valley Authority Report ... ... ... §205
Test Stations, Electrical, *see* Electrical Plant and Equipment
Thermal and Hydro Power Economics ... ... 361
Thermal and Hydro Power Papers at World Power Conference ... ... ... 379
Tidal-Plant Turbines ... ... †482
Tidal Scheme Approved, Rance §42
Tiszalok Irrigation Project ... §3
Titanium, Hydro Power for ... §244
Tothill Press Limited ... ... 163
Transformers, *see* Electrical Plant and Equipment
Transmission, Electrical, *see* Electrical Plant and Equipment
Tropical Factors Discussed at World Power Conference ... 380
Tungatinah Power Plant ... *471
Tunnels—
Bhakra Diversion Tunnels ... *167
Bolted Support for Tunnels—Rabcewicz ... ... *150, *171
Glascarnoch Tunnel Broken Through ... ... ... §447
Invergarry Tunnel Holed Through ... ... §42
Kitimat, Tunnel Construction at ... ... *96, *124, *190
Rimutaka Tunnel Drive, New Zealand ... ... ... 220
Spray River Pressure Tunnels *329
*see also* Penstocks, Pipes and Pressure Shafts
Turbines—
Annular-Flow Turbine, Bell's †280
Annular-Flow Turbines ... †360
Calancasca Turbines, Sassello Station ... ... ... *46
Castet Power Units ... †403
Cavitation Laboratory on Turbines ... ... ... †80
Gal Oya Turbines ... *392
Gear, Turbine, for Mullardoch *117
High - Head Hydro - Electric Plants ... ... ... †79
Italian Impulse 150,000 h.p. Turbines at Cimego ... §3
Kaplan Turbine Efficiency Tests ... ... ... §83
Kaplan Turbine, Tuning-in ... †402
Kaplan-type Instructional Turbine, Gilkes ... ... *440
Loiza River Power Plant ... 464
Montpezat Generating Set ... *117
Nohab Turbine Design Developments ... ... *480
Owen Falls Turbines ... *249
Pump-Turbine at Flatiron ... †318
Runner, 120,000 h.p. for Waneta, Dominion ... *401
Runners, Working Life of ... †320
Salanfe - Miéville Turbines—Pingoud ... ... *221
Table Rock Dam, Turbines for ... ... ... §446
Tidal-Plant Turbines ... ... †482
Tungatinah Turbines ... *476
Wilbur Dam Turbines ... *368
Turkey—
Britain, Turkish Contracts for §162
Energy Production in Turkey †119
Seyhan Project ... ... §123

## U

Uganda Power Export ... §83
Underground Stations—
Kitimat Power-House Excavation ... ... ... *125
Salamonde Power Station—Fernandes ... ... *449
Underground Power Plants ... †442
Underwater Inspection Diving Kit, Siebe, Gorman ... ... *279
United States of America—
Bureau of Reclamation, Reorganisation of ... ... †202
Flatiron, Pump-Turbine at ... †318
Garrison Dam Penstocks, Coupling for, Baker ... *439
Garrison Dam, Transformers for, Ferranti ... ... *357
Iowa Fifth Hydraulics Conference ... ... *67, *100
McNary Generator Contract §42
Minnesota International Hydraulics Convention ... *33
Power Increases, U.S. ... §123
Power Link Between U.S.A. and Canada ... ... 180
Pumped Storage Project, Lake Erie ... ... ... ... †240
Raquette River Development †38
Rockies, High-Head Penstocks in the—Bier *383, *429, *465
St. Lawrence River Scheme—§43, §82, §204, §322, §363
St. Lawrence Waterway—Grandy ... ... ... 25

Sutherland Dam Nears Completion ... ... ... †119
Table Rock Dam Tenders ... §406
Table Rock Dam, Turbines for ... ... ... §446
Tenkiller Ferry Automatic Plant ... ... ... †484
Tennessee Valley Authority Report ... ... ... §205
U.S.S.R., *see* Russia

V

Valves, *see* Gates and Valves
Vancouver Island Power Extension ... ... ... ... §163
Venezuela, Caroni Scheme ... *479
Venezuelan Hydro ... ... †119
Victoria, Australia, Electrical Progress in ... ... §123
Volta River Model ... ... §447
Volta River Survey ... ... §363
Vorarlberg Hydro - Electric Plants ... ... ... †120

W

Wales, Ffestiniog and Rheidol Schemes ... ... ... §406
Waneta, Turbine Runner for, Dominion ... ... ... *401
Wanjii Power Station ... ... †282
Water Hammer—
Aspects of Water Hammer—Silvester ... ... ... *181
Model Techniques for the Solution of Water-Hammer Problems—Kingdon ... *226
Research on Water Hammer §244
Wave Research, Congress on ... 180
Water Power and the Industrial Revolution—Wilson ... *309
Water Resources, *see* Resources and Development
Water-Supply Power Plant ... 464
Water Turbines, *see* Turbines
Waves and Surges in Open Channels—Haws ... ... *419
Weld-Testing Equipment, Mobile, Pilgrim ... ... ... 356
Welding, Electric, of Penstocks †320
Wilbur Dam Power-Plant Rehabilitation ... ... *364
Wildegg-Brug Power Station, Switzerland ... ... ... †80
Winches, *see* Construction Plant and Equipment
World Power Conference, *see* Conferences

Y

Yugoslavia, Drave River Convention ... ... ... §285
Yukon Power Scheme ... §83, §407
